

Earth to Mars (Physical Trip)

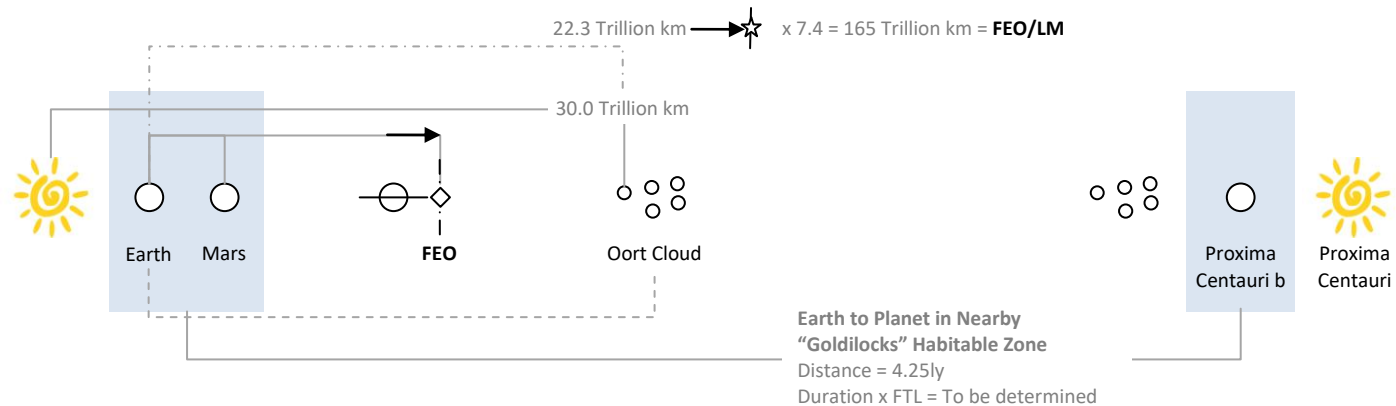

Distance = 54.6M-401M km
Duration (Chemroc tech) = 18m
Round-trip (no layover)

Earth to Saturn (Trip)

Distance = 1.2-1.5B km
Duration = ~16y
Round-trip (no layover)

Earth to Oort Cloud (Trip)

Min Distance = 1000AU (7.4T km)
Duration = 600y
Round-trip (no layover)

Guesstimate by David Huer 07Dec2021

Distance of the Known World ("Firenzian Enforceability Orbits" = "FEO")

17y = Duration of Terran Patent Rights = Physical Enforceability

Light-Minutes ("FEO/LM")

Radio Signals ("FEO/RS" = To be Determined)

** Named in honour of the City of Firenze [city descendant of the Florentine Republic: the first State to award the first recorded patent, granted to Filippo Brunelleschi, architect and engineer (1421)].
